### Profile Summary

Electrophysiology ♦ Signal Processing ♦ Image Analysis  
Software development ♦ Statistical Analysis ♦ Python, R, MATLAB, SQL  
Clinical data handling ♦ Grant\Ethics Applications ♦ Patient care

### Education

- 2017–2021 **Ph.D. Biomedical Engineering**, Western University, London, Canada, under supervision of **Dr. Mandar Jog**
- **Ph.D. Thesis:** Towards A Comprehensive Software Suite for Stereotactic Neurosurgery"
- 2013–2015 **M.Sc. Neuroscience**, Western University, London, Canada, under supervision of **Dr. Mandar Jog**
- **M.Sc. Thesis:** "Deep brain stimulation and its effects on Parkinson disease spatiotemporal gait parameters"
- 2010–2013 **B.Sc. Neuroscience**, Honours, Highest Distinction, Carleton University, Ottawa, Canada, under supervision of **Dr. Shawn Hayley**
- **B.Sc. Thesis:** "Influence of paraquat and recent prior social defeat on affiliative behaviour Hippocampal neurogenesis in IL-6-deficient mice"

### Research Interests

- **deep brain stimulation**  
neuromodulation for movement disorders and epilepsy
- **electrophysiology**  
collection and analysis of electrophysiology data in functional neurosurgery
- **clinical software development**  
develop open-source software for clinical applications and research

### Honors & Awards

- 2020–2022 **Parkinson's Society of Canada**  
Graduate Student Award – Western University (Ph.D. candidate)
- \$20,000 CAD for two years
- 2019 **Graduate Student Teaching Award**  
Teaching assistant for Physiology 2130 – Human physiology
- \$500 CAD
- 2017–2019 **Parkinson's Society of Canada (declined)**  
Graduate Student Award – Western University (Ph.D. candidate)
- \$20,000 CAD for two years

- 2017–2019 **OCE Talent Edge Internship Program (26784)**  
Intern Talentedge Program – Western University (Ph.D. candidate)
- \$60,000 CAD for two years
- 2017 **Graduate Student Innovation Scholars**  
WORLDDiscoveries – Western University (Ph.D. candidate)
- \$1,500 CAD
- 2017 **Scholarship for Intraoperative Neurophysiological Monitoring Course**  
Western University (Ph.D. candidate)
- \$7,250 USD
- 2016 **Natural Sciences and Engineering Research Council of Canada**  
Partnered grant with Fanshawe College – Western University
- \$30,000 CAD for summer term
- 2014–2016 **Canadian Institute of Health Research**  
Canadian Graduate Scholarship – Western University (M.Sc. Candidate)
- \$18,500 CAD for two years
- 2013 **The University Medal in Science**  
Highest academic standing in the faculty of science – Carleton University
- \$7,250 USD
- 2010–2013 **Dean's List**  
Carleton University (B.Sc. Neuroscience)

## Research Experiences

- 2013–present **Graduate Research Assistant**, Movement Disorders Center, London, Canada, under supervision of **Dr. Mandar Jog**
- routinely collect spike traces from microelectrodes within the subthalamic nucleus and local field potentials from the motor cortex (ECoG), while the patient performs cognitive tasks in the operating room
  - analyze spike and LFP data within Python and MATLAB
  - localize all DBS electrodes using STEALTH
  - follow patients before surgery and up to 1-year post DBS surgery, while investigating various DBS parameter settings on motor outcome (eg. voltage, frequency, pulse width)
  - collect kinematic data using 17 inertial sensors and gait analysis software
  - statistical analysis on kinematic data for the purpose of understanding motor response to setting changes
  - manage patients according to proper GCP, FDA and ICH guidelines
  - effectively communicated innovative and novel research at many international conferences for several science and medical societies
  - prepared several successful grant applications (Mitacs, CIHR, NSERC and Parkinson's society of Southwestern Ontario)
  - ongoing manuscript preparation and publication

---

## Professional Experience

- 2016–present **Intraoperative Electrophysiologist**, London Health Sciences Centre, Department of Neurosurgery, London, Canada
- collect microelectrode recordings to determine final electrode placement
  - work with neurosurgical team to interpret the electrophysiology based on neural spiking activity
- 2015–2016 **Clinical Trial Coordinator**, London Health Sciences Centre, Movement Disorders Center, London, Canada
- initiate and manage various clinical research projects and provide project specific administrative support
  - assist with actual clinical research activities by collecting and recording pertinent data
  - provide clinical trial coordination and project management as specified in IRB approved pharmaceutical studies
  - screen potential patients for eligibility through record review of laboratory tests and past medical history, for criteria related to participation in clinical trials
  - implemented and monitored clinical trial to ensure sponsor/investigator obligations are met and are compliant with applicable local requirements and FDA and ICH guidelines

---

## Publications

- 2020 Igor Varga, Eduard Bakstein, **Greydon Gilmore**, Daniel Novak (2020). Image-Based Subthalamic Nucleus Segmentation for Deep Brain Surgery with Electrophysiology Aided Refinement. *Workshop on Clinical Image-Based Procedures*. doi: /10.1007/978-3-030-60946-7\_4

- 2015 Delrobaei, M., Tran, S., **Gilmore, G.**, Ogjanovic, K., McIssac, K., Jog, M. (2015). The impact of electrical parameters on bradykinesia of Parkinson's disease patients after deep brain stimulation surgery. Movement Disorders, 30 (S88-S88).
- 2014 Delrobaei, M., Parrent, A., Tran, S., **Gilmore, G.**, Ogjanovic, K., McIssac, K., Jog, M. (2014). Quantifying the short-term effects of deep brain stimulation surgery on bradykinesia in Parkinson's disease patients. Biomedical Engineering. 21th Iranina Conference (pp 224-228). doi: 10.1109/ICBME.2014.7043926

---

## Teaching Experiences

- 2020–2021 **Teaching Assistant**, Human Physiology (PHYS 1020), Western University, London, Canada
- 2016–2020 **Teaching Assistant**, Human Physiology (PHYS 2130), Western University, London, Canada
- 2014–2015 **Teaching Assistant**, Student Development Centre (Indigenous Services), Western University, London, Canada
- 2013–2014 **Teaching Assistant**, Child Development (Psyc 2045), Western University, London, Canada

---

## Conference Presentations

- 2017 **Society for Neuroscience**, Washington D.C.  
Oral presentation of Ph.D. Thesis work
- 2016 **Society for Neuroscience**, San Diego, California  
Oral presentation of Ph.D. Thesis work
- 2015 **Society for Neuroscience**, Chicago, Illinois  
Oral presentation of Ph.D. Thesis work
- 2015 **International Neuromodulation Society**, Montreal, Quebec  
Oral presentation of M.Sc. Thesis work
- 2014 **International Gait and Posture Conference**, Vancouver, British Columbia  
Oral presentation of M.Sc. Thesis work
- 2014 **Canadian Association of Neuroscience Conference**, Montreal, Quebec  
Oral presentation of M.Sc. Thesis work

---

## Training and Certificates

- 2018 Deep Learning Reinforcement Learning Summer School  
◦ Vector Institute and CIFAR, Toronto, Canada
- 2017 Intensive Intraoperative Neurophysiological Monitoring Course  
◦ Greenville Neuromodulation Centre, Greenville, Pennsylvania
- 2013–present Good Clinical Practice  
◦ CITI Program

---

## Interests

- Magic performing magic for 20+ years
- Coffee wrote a coffee blog for a few years, travelled internationally to write reviews about cafes

---
